Title Virtual Single Account Client and Server System for Network Access and Management

THE COMMISSIONER OF PATENTS AND TRADEMARKS
WASHINGTON, D. C. 20231

Attention: Box DAC

SIR:

PETITION UNDER 37 CFR 1.10(d)**TO ACCORD CORRESPONDENCE PROPER FILING DATE**

Applicants hereby respectfully petition the Commissioner for Patents to accord the correspondence a filing date as of the date the correspondence is shown to have been deposited with the United States Postal Service.

The date the correspondence was deposited with the USPS is October 29, 2001. The "date-in" on the "Express Mail" mailing label entered by the United States Postal Service (USPS) was incorrectly entered by the USPS as October 23, 2001.

Applicants became aware that the Office had accorded a filing date based upon an incorrect entry by the USPS when applicants received the Office Filing Receipt on January 22, 2002. Thereafter, applicants attempted to obtain a Corrected Filing Receipt correcting the filing date of the application. The Office, however, informed applicants

that it was unable to correct the filing date because a copy of the Express Mail Mailing Label was missing.

Accordingly, enclosed please find:

1. A copy of the Express Mail Mailing Label EL 924385509 US showing the incorrect "Date In" of 10/23 entered by the USPS.
2. A copy of applicants' Utility Patent Application Transmittal with a Certification as to the Express Mail Mailing Label Number EL924385509US and date of deposit of 10/29/01 certified to and signed by applicants' agent, the person mailing the paper. The Utility Patent Application Transmittal form with U. S. Express Mail Certification was executed on 10/29/2001, making it impossible that the patent application was deposited with the USPS on 10/23/2001, which is a date before the Utility Patent Application Transmittal form and U. S. Express Mail certification were signed.
3. Copies of the Fee Transmittal form, Request and Certification Under 35 U.S.C. 122(b)(2)(B)(i) and return post card, all documentation which accompanied applicants' patent application, with the same execution date of 10/29/2001.
4. A copy of the Filing Receipt issued by the Office.
5. A copy of the PTO's Response to the Request for Corrected Filing Receipt.

In view of the foregoing, Applicants respectfully request that the Commissioner accord the above-identified patent application with a correct filing date of October 29, 2001 and that a new Filing Receipt be issued with said date.

The undersigned hereby certifies under penalty of perjury under the Laws of the United States of America that the foregoing is true and correct.

If required under the Rules, since this Petition is being submitted to remedy an error by the USPS, the Commissioner is authorized to charge **AT&T Corp. Deposit Account No. 01-2745** in the amount of **\$130** to cover the cost of the petition fee. Any deficiency or overpayment should be charged or credited to Account No. 01-2745. Duplicate copies of this petition are enclosed.

Respectfully,
Paul Shala Henry
Zhimei Jaing

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
